

VITASEPT[®]P WIPES

ALCOHOL-BASED ANTISEPTIC HAND WIPES

Vitasept[®]P Wipes are effective broad-spectrum towels for hygienic handrub. Soft wipes are impregnated with a panthenol-containing hand antiseptic, which has a softening and moisturizing effect on the skin. Convenient to use instead of water and soap or in their absence, if your hands are not visibly dirty. Also suitable for cleaning children's hands.

PRODUCT PROPERTIES

- fast exposure time
- ethanol-based
- soft and biodegradable wipes
- contains skin care agents
- normal skin microflora recovers once the exposure time has elapsed
- odorant- and colourant-free

USAGE

Rub your hands thoroughly with the product so that all surfaces get wet. Discard the wipe after use. Close the package after opening to maintain the good properties of the remaining towels.

EXPOSURE TIME

30 seconds
