

GLOBACID[®]AF med

ALCOHOL-BASED RAPID DISINFECTANT

ready-to-use solution

Globacid[®]AF med is a ready-to-use disinfectant for rapid disinfection, suitable for use on alcohol resistant surfaces of medical devices. Solution doesn't leave residues on surfaces, thus it is suitable also for the disinfection of surfaces that come in contact with food and food products.

Conforms to requirements in healthcare, food industry, beauty services etc.

PRODUCT PROPERTIES

- fast exposure time (30-60 sec)
- alcohol-based
- doesn't contain aldehydes, quaternary ammonium compounds and chlorine ions
- doesn't leave residues
- particularly suitable for hard-to-reach places
- doesn't need to be washed off
- doesn't change the visual appearance of the surface

USAGE

Spray the solution or apply with a cloth onto the surfaces, allow to take effect. Surfaces must be completely covered with the solution. Close the cap to prevent the product from evaporation. If the surface tolerance is unknown, try it on an inconspicuous area first. The disinfectant Globacid[®]AF med is compatible with most medical devices. Items made of organic glass are not suitable with this product.

EXPOSURE TIME

30 seconds (noro- and poliovirus 60 seconds)
