

GLOBALINTIMA®

INTIMATE WASH GEL

Globaintima® soap-free gel has been specially developed for the intimate area daily hygiene. Suitable for both men and women from puberty. Contains natural lactic acid from the lacto-intensive active complex, that support and protect the natural state and pH balance of the intimate area. Ensures freshness and prevents unpleasant odors.

It is also suitable for use during gynecological and urological treatments, as well as after childbirth or during menstruation.

PRODUCT PROPERTIES

- colourant- and alcohol-free
- hypoallergenic
- silky composition
- balanced pH
- doesn't irritate the skin
- contains lactic acid
- for external use only!

USAGE

Apply the gel to the intimate area during washing, rinse with water. Also suitable for washing the whole body. The product is only suitable for external use!

STORAGE

Use within 12 months after opening. Store at room temperature, keep away from direct sunlight and avoid freezing to assure the quality of the product.

UTILIZATION

Product is ecologically safe, all active ingredients are biodegradable in flush water. Plastic packaging materials are recyclable.
